Mine and Taking Bullion.

[By Associated Press.]  
Douglas, Ariz., Sept. 16.—Inez Salazar, the Mexican rebel leader who captured the El Tigre mining camp Saturday, demanded \$1,000,000 from the company owning the mine there on a threat of destroying the plant and carrying away the bullion. ### DISTRICT COURT

Election Contest Continues to Occupy  
Time of Court—Criminal Docket  
Postponed One Week.

The election contest case, which has held the attention of the public and occupied the time of the district court for the past week, is progressing slowly and neither side seems inclined to rest their case. The indications are that the trial will continue through the week.

The petit jury for this week was not impaneled, and was excused for the week.

Judge Scott stated this morning that on account of the election contest cases, he had postponed the criminal docket, which was due to come up this morning, until next Monday morning. This leaves only two weeks in which to try the criminal cases to be heard at this term of court, and Judge Scott was emphatic in his statement that no excuses would be accepted for delays. Everyone having any dealings with the criminal docket had as well be prepared to discharge their duties without excuse or detail, and no one may anticipate having any excuses accepted.

### SNEED-BOYCE TRAGEDY CAUSES EXCITEMENT

Sole Topic of Conversation at Amarillo—Prominent Friends of Both Families Arriving.

[By Associated Press.]  
Amarillo, Texas, Sept. 16.—Amarillo is astir today and conversation everywhere is centered in the Sneed-Boyce tragedy. The grand jury was specially convened at 8 o'clock this morning, beginning an investigation of this case. The witnesses include Rev. Dr. Ernest E. Robinson, pastor of the Polk Street Methodist church, in front of which Boyce was killed; Fred Fuqua, and others. District Attorney Bishop for the prosecution has not announced the full list of witnesses.

The funeral of Al G. Boyce was held this afternoon at 2 o'clock. The pallbearers were Will, Henri and Len Boyce, Lee Bivins, R. A. Morris, L. B. Simmons, Gene Avery and Ed Farwell. The pallbearers include the most prominent cattlemen of this section.

It was learned today that Boyce had been at Plainview on Saturday and had returned to Amarillo four hours before his death. He went to his mother's home for lunch, read the papers and busied himself about the house for a time, then went on the street to meet his death. He went to Plainview to look after his brother's cattle interests.

Numerous relatives and notable friends of both families are arriving in Amarillo today, including Capt. Tom Snyder of Clayton, N. M., father of Mrs. Sneed, and Dad Snyder, her brother. The prominent Boyce friends include Estalupa and Lew Farr, both of Dalhart.

The funeral services were conducted by Rev. Robinson, who will probably be the state's chief witness.

**Boyces and Sneeds on the Streets.**

[By Associated Press.]  
Amarillo, Texas, Sept. 16.—Both the Boyces and Sneeds are on the streets today, but on few, if any, occasions have they passed each other on the same sidewalk.

It is now believed that the moment when Sneed shot was the first time he and Boyce had seen each other since

### DIPHTHERIA EPIDEMIC AT CORPUS CHRISTI

Urbana Wilson, en route West, said while passing through here: "No more private cars for me unless better arrangements can be made." His car was delayed by slow trains, the rules not permitting it on fast trains.

### JEFF TABOR SERIOUSLY INJURED

Was Cut by Cleave Smith on Main Street Saturday Night About 8:30—Smith Gave Bond.

Jeff Tabor, a prominent young man of Bryan, local agent for the Pierce-Fordyce Oil Association, was seriously cut in a difficulty Saturday night on Main street by Cleave Smith, who lives about two miles from Kurten. Mr. Tabor was taken to the offices of Drs. Oliver & Sims and his wounds dressed and if no complications set in he is likely to recover. Mr. Smith rode out to the home of his father-in-law, Mr. Jeff Crone, where Sheriff J. D. Conlee found him and lodged him in jail Saturday night. He had a preliminary hearing in Justice L. D. McGee's court this morning on a charge of assault with intent to murder and his bond was fixed at \$300, which he readily gave and was released from custody.

Both gentlemen come of good families and are connected with the best people in this community, and the occurrence is deeply regretted by all.

Mr. and Mrs. W. I. McFerrin passed through Bryan today on their way back to Dallas. They have been to visit their place at Millican. They settled in Millican in 1869, and pay the old place a visit every year.

### FARMER CAPTAIN SAYS BIG TEAMS WILL PLAY

Bel Believes That Texas and A. & M. Will Resume Relations This Season.

Dallas, Texas, Sept. 16.—That the University of Texas and A. & M. College will resume their athletic relations is the belief of Football Captain Tyree Bell of A. & M. and Alumni Coach Uday of the same institution.

"In a roundabout way negotiations looking forward to the annual football game are under way," said Mr. Bell. "Nothing definite has been done, but I believe relations will be resumed. The people who like football want to know which is the best team in Texas each year and the only way to decide is to have our college and the university play."

"The people demand this game and they have a right to have it," said Coach Uday. "It is the only way of settling the football supremacy of the state. Any football man knows you can't do it by comparative scores."

Both Bell and Uday were at the Oriental yesterday morning to give the glad hand to H. R. Montgomery, graduate of Muskogee High School. He goes to A. & M. recommended by Choc Kelly as a dashing halfback.

Bell and Uday will go to A. & M. Tuesday. There are about forty men training at New Braunfels. There are eleven "T" men back, Captain Bell says.

## THE BIGGEST AND MOST LASTING SUCCESS IN THE FURNITURE

Business are built up on the policy of Good, Honest, Reliable Merchandise.

Then comes the matter of right prices, and lastly, good service—courteous, obliging attention to the smallest wish of our customers. To make a price that is less than any one else can make, usually means goods that are inferior to those offered at a better price.

Many people want the cheapest to be had. To those we offer a class of cheap merchandise, better designed, better constructed, and better finished than stores catering to the cheap trade only. We prefer to sell good merchandise at a small profit than to make a good profit on cheap merchandise. Some people want something better. Usually they are able to pay the price, and if we can't show them the kind of goods they want, we can't hope to sell them. They are the folks who go to the cities looking for something better than can be had at home. To these people we want to say that they need not leave home to buy their Classy Furniture this season, for we have just unloaded two cars of the better kind of Furniture. We can show you some handsome pieces from the best designers in the country. Don't fail to visit our store and see our showing of Karpen pieces.
